 new depot test 2	29 Apr 2016	No		Hide
 new depot test 1	29 Apr 2016	No		Hide

In the My Packages view you will now be able to see 2 tabs. “Current” and “Hidden”. These tabs are only for the purpose of organisation and they will not delete or affect the campaigns in any way.

Current: This tab is for campaigns that you would still like to use and need quick access to.

Hidden: This tab is for campaigns that you may no longer have use for. Hiding Packages will not delete them, they are only moved under a new filter.

My Packages

The screenshot displays the 'My Packages' dashboard in two states. The top state shows the 'Filter By Year' view where the year '2016' is selected. The bottom state shows the 'Filter By Month' view where the month 'Apr' is selected. Both views show a table of packages with columns for Package Name, Last Modified, Contains Subpackages, Notes, and Status.
